

Why You Need Remote Data Backups

Mark-O-Polo Ventures's Remote Data Backups is the best solution for safeguarding your computer against ALL common data loss and system failure risks that traditional backup methods (Tape, Zip & External Drives, CDs & DVDs) can't:

- **Technical Disasters**
Viruses, worms, file corruption, hard drive crash & failure, power failure, system updates, etc.
- **Human Disasters**
Accidental changes, deletions or overwritten files, theft (laptops, drives), disgruntled employees, etc.
- **Natural Disasters**
Fire, flood, hurricanes, earthquakes, lightning, solar flares, etc.
- **Laptop Disasters**
Frequently overheat, suffer hard drive failures or power outages, get dropped and damaged, lost and stolen.

Backup Service Advantages

Remote Data Backups is the most cost effective, secure, and convenient way to automatically back up your mission critical data. Enjoy peace of mind knowing your data is safely stored offsite at our two state-of-the-art, mirrored data centers and always easily accessible to you, 24/7.

- **It's Easy**
Simple to set up, back up & restore files - the perfect solution for non-technical users;
- **It's Automated**
Nightly backups run reliably with no human intervention, saves your staff's time;
- **It's Fast**
Delta block incremental backup transmits only changes -- even works on dial-up;
- **It's Secure**
Your data is transmitted and stored using 128-bit AES encryption through SSL at our two mirrored data centers featuring EMC storage machines, redundant power and bandwidth, top-level physical security and 99.99% historic availability;
- **It's Offsite**
Protects your data from viruses, fire, flood, theft, and sabotage.

Backup Software Features

Our award-winning backup software is loaded with easy to use features designed to save you time and money, significantly increasing your business' productivity and efficiency while minimizing costly data loss & downtime.

- 
Easy System Restore* (*Available on 10 GB+ plans)
When your operating system malfunctions, you can easily restore it to a previous good state with just a few clicks. This unique and powerful feature more than pays for itself the very first time you need to use it.
- 
Automatic File Backup
Schedule backups to run every night, so you never have to remember to back up.
- 
Easy File Restores
Non-techies can quickly and easily retrieve lost or corrupted data files in minutes.
- 
Remote File Access*
Convenient online access to your data files from any computer with Internet access.
- 
10-File, 30 Day Rollback
"Go back in time" up to 10 versions of any backed up file, or for up to 30 days.
- 
Extended Archiving
We archive all files deleted off your system, by accident or deliberately, for 90 days.

Is your DATA safe?

*"The most convenient,
affordable, reliable
and secure offsite
backup service."*

FROM OUR CLIENTS

"A life saver! We wound up reformatting our drive after faulty information from a major computer manufacturer. RDB had us up and running overnight. We were able to save all our client files."

John Reggio, Sign-A-Rama of NJ
